Re: Diamong Alkali Superfund Site, Lower 8.3 Miles of Lower Passaic River, Essex and Hudson Counties, New Jersey
Notice of Potential Liability under 42 U.S.C. § 9607(a)
Commencement of Negotiations for Remedial Design

Dear Ms. Di Forte:

This firm represents Pfizer Inc. ("Pfizer") and Wyeth LLC ("Wyeth"). This letter is in response to your March 31, 2016 letter. Pfizer and Wyeth maintain that they have not contributed hazardous substances to the Lower Passaic River. Pfizer and Wyeth nonetheless remain willing to cooperate in good faith with the Environmental Protection Agency ("EPA") by discussing a cash-out *de minimis* settlement. Pfizer and Wyeth look forward to receiving EPA's notice of the opportunity for Pfizer and Wyeth to discuss such settlement. We look forward to working with EPA to resolve this matter.

Best regards,

Seth Kerschner
